

A Website for Veterans

www.myhealth.va.gov

For assistance with the My Health Vet website, call the
South Texas Veterans Health Care System
Patient Education Resource Center
(210) 949-9250 or (866) 560-6773 ext. 19250

My Health Vet is a website created especially for veterans. Using it, veterans may order prescription refills, access trusted sources of health information and create, maintain and control your own personal health journal

... And now, you can see the names of your prescriptions when you use My Health Vet for Prescription Refill!

Because this new feature releases more personal information to the veteran, additional security measures are required to protect each patient's privacy.

In order to be able to view the prescription names, you must do the following:

1. Be a registered user of My Health Vet
2. View a video that is available on the My Health Vet website and in the Patient Education Resource Center
3. Complete a Release of Information form
4. Present the form and a picture ID (VIC or driver's license) to:
 - Audie L. Murphy Division (San Antonio)
Release of Information Desk (Rm. X113) near Station 7
(210) 617-5379 or (866) 560-6773 ext. 15610
